

## Chertsey and Dorking Nursery Schools and Mole Valley Family Centre

### FREEDOM OF INFORMATION PUBLICATION

*The governing body is responsible for maintenance of this scheme.*

#### 1. **Introduction: what a publication scheme is and why it has been developed**

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they be made available.

To do this we must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish;*
- *The manner in which the information will be published; and*
- *Whether the information is available free of charge or on payment.*

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is available in paper form obtainable from the Centre .

Some information which we hold may not be made public, for example personal information. There are clear exemptions to the requirement to produce information on demand, so as to protect confidential/sensitive/personal data, for example about children or members of staff.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

#### 2. **Categories of information published**

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 5 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

*The Nursery Brochures* – information published in the Nursery brochure.

*Governors' Documents* – information published on the website and in other governing body documents

*Children & Curriculum* – information about policies that relate to children and the curriculum

*Centre Policies and other information related to the Centre* - information about policies that relate to the centre in general, including on the website and social media
